Official Transmitter of the Blue Ridge Amateur Radio Club - W4YK -

Message from the President, Danny (NA4X)

The Prez Says...

Summer is here. Thank you Dave for a good presentation on lightening protection. He emphasized a good ground system for your equipment. Also you can never go wrong disconnecting your station from all sources of power and antennas and things such as a cable modem. We have some busy days ahead of us with the Fletcher Flyer and Field Day. These are great opportunities to show off our hobby to the general public. In the last week I have had contacts from two people interested in ham radio and a third who has been out of radio for a number of years but wanting to get back in operation. Get involved and help others get hooked on radio.

Danny (NA4X)

Minutes from May 5, 2015

Formal Presentation

The formal presentation was given by Dave Anderson (K4SV) on *Lightening and Antennas*. His talk described the power of lightening and how to protect your radio equipment from it. This was an excellent presentation, as well as practical advice. It was enjoyed by all.

50/50 Drawing

The drawing was won by Dick Smith (W4RSS).

Meeting adjourned at 8:00 PM by vote.

Respectfully Submitted,
Doug Davis (KJ4WWN) Secretary.

Club Information

Blue Ridge Amateur Radio Club (BRARC)

One of the key benefits of joining or having a ham radio club in your community is to link-up with like-minded people who share similar interests. Radio operators come from all walks of life. Some are students, teachers, pilots, technicians, police officers, doctors, executives, retired military, engineers, you name it.

The *Blue Ridge Amateur Radio Club* is all of these things. Another key benefit it that they give-back in many ways back to their community. Amateur radio operators at BRARC donate time and equipment to participate with the *Department of Emergency Management*, the *Red Cross*, and *FEMA*. Radio operators practice using their equipment without power from the grid. So during REAL emergencies they can supply the necessary communication to first responders so they can provide help to those who need it. *Hurricane Sandy* was a perfect example. Ham radio operators helped FEMA direct needed supplies and medical attention.

The BRARC also provides volunteer community support in a variety of community activities including, parades including the 4th of July, and Christmas parades, walk-a-thons, bike-a-thons, horse riding events at the Biltmore Estates, and the Fletcher Flier.

The *Blue Ridge Amateur Radio Club* also provides daily and weekly forums via what they call "Nets." You don't need a ham license to listen to a net - just a radio. These forums include informal sessions or "rag chews" that discuss local events or just about any topic.

Blue Ridge Echo Submissions

If you have timely information that you would like to publish in the Echo, all submissions must be received by the first 6-7 days of each month in order to meet publication deadlines. Please send your copy to Doug (KJ4WWN) at themtns@yahoo.com.
